WELCOME INFORMATION

It is with much pleasure that Interschool Queensland is able to conduct this event as per the details in the following Program.

BIOSECURITY

For information in relation to travel permits & spraying please contact your local Department of Primary Industries. It is a requirement for entry to this event that all competitors provide a current Horse Health Declaration (HHD) form for each horse entering the showgrounds.

An EQ HHD form is required upon check in every time a horse is brought onto the grounds. You must submit your HHD to the IQ office on arrival. The EQ HHD form can be found [HERE](#).

Biosecurity legislation requires we all must keep Movement Records when we take our horses somewhere. A Movement Record can take many forms – it can be a written note in a diary, a horse health declaration form, a note in your smartphone, etc. It needs to record the date of the horse movement, a description of the horse, the property of origin (including PIC), where you are going (including PIC), and who completed the record. You are required to keep these records for 2 years.

The Horse Health Declaration form that you will be required to submit at check in can also be your Movement Record, however, as we require you to submit your HHD form to us, you will need to take a copy of the form, e.g. photo with your phone. You will also need to create a Movement Record for your trip home.

A wrist band will be issued to all riders, on receipt of the Horse Health Declaration form at the IQ Office. Riders must wear their wrist band to allow the rider to pass through gear check during this event. NO ARMBAND = NO RIDE

- Please do not bring sick horse/s to this venue. Practise good biosecurity before, during and after going to an event.
- Horses must not be tied to any fences or trees. Horses must NOT enter the camping areas.
- Do not erect electric tape or portable yards. Do not dump manure from trucks/trailers anywhere other than the allocated stable waste points.
- Do not put manure on trees. Leave stables, camp areas and arenas clean and tidy. A cleaning fee is charged for stables or yards not left clean after the event and any stable waste and manure not deposited at the designated stable waste site.
- Horses, when not being ridden, must be kept in allocated stables or yards.

Horses are allocated a number on the draw. This number **MUST** be displayed on the horse's halter, bridle or saddle pad, whenever the horse is taken out of its stable or yard and is being led, ridden, competed or lunged on the grounds at an event.

Riders must ensure that their stable has the owner's name, contact details and horse name displayed in case of emergencies. You must complete and print the stable plate template.

COUNTY SADDLERY

A rider can enter a maximum of two horses in each discipline providing that each horse/rider combination is qualified.

Riders may enter a max. of 4 classes per horse across the event (excluding Eventing).

- **Dressage** - each horse can compete in a maximum of two classes across the event. A class is two dressage tests at one level. For riders entering two classes on a horse, these classes must be at consecutive levels. No more than 2 tests per day.
- **Show Jumping** - Providing qualifying criteria met, riders may be able to nominate 2 horses in a maximum of two show jumping classes per horse. For riders entering two classes on a horse, these classes must be at consecutive heights. All horses must compete at their highest qualified height/s.
- **Show Horse** - Competitors may enter a maximum of two horses.
- **Combined Training** - CT participants may nominate a maximum of two (2) horses, with each horse only being entered in one (1) class provided qualifying criteria are met for each horse. The entries may be in the same or different classes.

Substitutions

On approval from the IQ committee, riders may substitute an alternative qualified horse combination up until the start of competition for the day providing details of the horse registration is presented to the organising committee. No rider may be substituted for another rider

Important note for riders wishing to compete in more than one discipline:

The organising committee will endeavour to structure the draws such that riders may compete in two disciplines on the same day, but riders must understand that, if this is not possible, they may have to prioritise one discipline over the other.

Horses

Horses are **NOT** to be ridden by anyone other than the rider nominated on the draw at events from midday on the day prior to the event commencing until conclusion of the final discipline on the last day of the event.

This includes at any mounted presentations. This ruling applies even if a horse has completed its competitions at an event.

The exception to this ruling is that a horse can be ridden by more than one sibling rider at an event in different disciplines and the horse does not compete in more than the maximum number of tests/sections allowed in the day by EA discipline rules (eg, no more than 2 dressage tests in one day).

Primary Riders

- Primary competition is for those athletes enrolled up to and including year 6 in the year of competition.

Secondary Riders

- In the Dressage, Show Horse and Show Jumping competition there are Intermediate Secondary and Senior Secondary classes.
- Intermediate is defined as those athletes enrolled in years 7, 8 and 9.
- Senior divisions are for those athletes enrolled in years 10, 11 and 12 in the current year.

Disputes

All protests or complaints are to be managed with respect through the official channels.

No competitors or parents are to directly approach any judges, stewards, course builders or any other officials or volunteers before, during or after the competition with disputes or complaints.

Any disputes, complaints or queries during the event must be lodged in writing with the fee of \$100 as per rule 5.4 in the 2024 IQ Handbook, to the event office via their school convenor within 30 minutes of the posting of the scores which gave rise to the objection. The decision of the ground jury will be final and may not be appealed. General questions can be asked in relation to errors on results or in relation to the running of the event through the event office.

CONDITIONS OF ENTRY

The IQ Committee values the attendance of all riders, parents, officials, spectators, sponsors, volunteers and supporters however it is a condition of attendance at this event that each person present on the grounds is bound by the rules, policies and by-laws of Equestrian Australia. This includes comments on all social media outlets.

As per EA general regulations the following will apply;

Article 109

4. OCs have the right;

- To cancel any class or Event.
- To divide any class.
- To alter advertised times.
- Refuse any entry.
- Transfer Athletes between sections of a class.

Behaviour/Code of Conduct:

When representing their school and while on competition grounds, all competitors must obey their school rules and competition etiquette. Those not adhering to these, risk elimination from the competition. Damage to any third party by anyone at the venue of the competition will be the responsibility of the adult involved or the parents or guardians of those who caused the damage. In particular IQ, EQ and EA accept no responsibility relating to the use of motorised vehicles on the grounds over the course of the competition.

As per the Equestrian Australia 2024 National Interschool Rules, and Member Protection Policy it is expected that athletes and their support teams/parents will adhere to the rules of the competitions in which they participate and that they will show respect for other competitors, their horses, officials, judges and administrators in their actions and their words including on Social Media.

Behaviour/Code of Conduct continued...

There are formal mechanisms for requesting clarity of committee decisions and for disputing results. Whilst each discipline has rules and regulations specific to that discipline available for download from the EA website, the conduct of members of the sport overall is controlled by the Member Protection Policy.

There are also general competition codes of conduct that apply to ALL Interschool competitions. Breaches of these general conduct practices will result in disqualification from the competition and depending on the severity of the offence, the athlete and/or their associates may face disciplinary action.

At an Interschool event the Organising Committee, Technical Delegate/s, Ground Jury and Officials are responsible for ensuring Horse Welfare guidelines and EA Codes of Conduct are observed.

The following EA Codes of Conduct must be observed by all competitors and their parents/guardians, during any activity held or sanctioned by EA – including Interschool events – or as an athlete/participant in any activity held by or under the auspices of the organisation or one of its affiliates. Those who fail to do so risk elimination from the competition.

COMPETITOR INFORMATION

Competition Schedule

The competition times in the published schedule are correct at the time of publication and should be taken as a guide for competitors only. The final schedule draw will be posted on the morning of each competition day and available on the event Stack Team App.

Rings may run early, please be attentive to announcements on the day. Riders may be required to ride earlier.

Riders who are late, without prior approval from the OC (e.g. let the office know if you are held up in another ring), may be excluded from the class.

Rider Numbers

Correct numbers as per the draw must be shown on **both** sides of the horse when competing.

Stable Identification

All stables must display the information sign at all times. This allows easy contact in case of an emergency.

Unmounted Presentations

Presentations in afternoon TBA on daily basis. Presentation is compulsory for all riders unless special consideration is granted by the event organisers.

Helper Jobs

Each rider will be required to nominate a helper for the event. This is a compulsory requirement. We are using SignUp to manage our helpers roster. It is easy to use and it allows you to choose jobs that suit your schedule, rider draw and family.

How it will work:

All available jobs will be listed in SignUp, the link will be emailed out to all riders. SignUp will open after draws have been sent (date/time to be finalised). Job choice will be on a **'first in'** basis. To ensure you obtain your preferred jobs/times it is advised you sign up early.

You are required to sign up for 1 job per class entry—maximum of 3 jobs per family.

If families do not select their jobs by the close-off date they will be allocated a job from any remaining jobs. Reminders will be sent prior to the opening and closing of the SignUp roster, but we ask you to take responsibility for signing up within the required timeframes.

It is the responsibility of each rider and their helper to ensure that they check the SignUp roster and complete their nominated tasks or find an appropriate substitute person to do so.

Helper Sign In Procedure at Event

Helpers must check-in at the EQ Tent (in the trade village) prior to the start of their allocated job.

Horse Welfare

Horse abuse in any form will not be tolerated. If horse abuse is determined the athlete will be disqualified from the competition. The sighting of blood on the horse during a test, whether wet or dry, will entail elimination and/or investigation by the Ground Jury/Technical Delegate based upon the Sport Rules of the discipline involved.

Riders may enter a **max. of 4 classes** per horse across the event (excluding Eventing).

Soundness

The Judges are required to satisfy themselves regarding soundness of all horses and therefore have the authority to stop an unsound horse during the competition or from competing – any disputes in this area will be considered by the ground jury on the day and/or the Technical Delegate. For Dressage there is no appeal against this decision.

Clean Sport

Now is the time for a reminder that the use of prohibited substances in your horse is not tolerated and riders must be aware that random swabbing of horses may occur at random and will be conducted at any of these events. You should consult with your Vet regarding any current treatment and should be aware of the potential risk of self-administration of prohibited substances.

The FEI publishes a caution against the use of herbal supplements and products of which the ingredients are unknown. The use of any substance to affect the performance of a horse in a calming (tranquillising) or an energising (stimulant) manner is forbidden. The use of a calming product during competition may also have important safety consequences.

All controlled or banned substances can be found [HERE](#).

There is also a smart phone FEI App you can download to your phone or access the web site [HERE](#).

Saddlery and Equipment

- A designated marshal will be made available and is compulsory for all competitors prior to their entry in **each phase of every class**.
- Competitors are to check into marshalling 15 minutes prior to ride time.
- Competitors may not compete until they have been cleared through marshalling.
- NOTE: Wristbands must be worn to be cleared through gear check.
- For Dressage, riders may undertake their marshalling process up to 30 mins prior to ride time. This is to allow those riders that so choose, to have an uninterrupted warm-up period prior to their test. Where possible, marshals will assist riders to move through to their correct ring at the correct time, but this is primarily the responsibility of the rider.
- Compulsory Dressage gear check will occur AFTER each test ride.

All equipment must comply with EA regulations for the particular discipline. It is the responsibility of the competitor and/or parents to ensure that saddlery and equipment is in good repair, meets the relevant safety standards, is fitted appropriately and meets the regulations for that event. **It is not the responsibility of the volunteers at Marshalling.** Please refer to the illustrations of allowable equipment and information in the EA Rule Books and the information specific to each discipline in the IQ 2024 handbook.

Uniform

All riders must be in their full school approved equestrian competition uniform. This is considered appropriate protocol for a State Championship and the committee expects schools, riders and their parents to support this expectation. In Show Jumping Course walks, riders are to be attired in full competition uniform including helmet & crop.

NB ** Failure to comply with this rule will result in any awards, points or ribbons being forfeited**

Dress for Riders

Riders competing in an EA competition, must wear attire that is EA Discipline compliant.

Helmet Tagging:

All participants at Interschool events will be required to have their helmet tagged. It is compulsory for participants at IQ events, to ride with a tagged helmet, regardless of discipline.

A **helmet tagging** person will be available at the IQ office each day.

Remember, the EA tag does not verify that the helmet is safe or in working order. It only verifies that the helmet complies with the specific standards as mandated by the EA Rules. Riders are strongly encouraged to check their helmet regularly (even if it is tagged). And replace their helmets if they have been damaged or impacted in a fall.

Body Protectors

Body Protectors for jumping elements are not compulsory under EA rules. The IQ strongly recommends their use in the interest of safety.

The combinations ranking points will be added together to get a list of qualified riders in rank order to allow for this discipline to be capped at State Championships if required.

 4. Riders from regions requiring reduced numbers of qualifiers may submit one (1) performance.*
