

Gail Iskra

My love of horses has always been a huge part of my life, starting with being a member of pony club in Queensland.

I have been actively involved in breeding and showing with many years employed at a show horse breeding and training establishment.

I have enjoyed success with many wins in open and breed classes on hacks, Australian stock horses, Arabians, at royal, HOTY, state shows and many major shows.

I am honoured to have judged some of the best horses and ponies and riders at national shows, HOTY shows, national and state championships, interschool national championships and many major shows in Australia and New Zealand.

I hold the following accreditations:

- EA Show Horse National Judge
- EQ Chief Horse Measurer
- EA Horse Measurer
- Accredited educator for EA show horse judges and EA official measuring
- EQ show horse judge co-ordinator
- Mentor to show horse applicant judges

I am only to pleased to give my knowledge and experience back to the industry that I have been a part of for many years.

KINDEST REGARDS,

Gail

Jessica Fedrick

I have been riding all my life. Since the age of 5 I have been competing in show horse. Show horses are a passion and a huge part of my life. Because of my experience with show horses I would be valuable committee member. Also because I am young it would be easier for me to help communicate with the younger generation.

Thank you

Leigh Sears

I've have been a past member of the show horse committee for approximately 8 years, before having to stand down after completing 2 terms. I would like to get back on the committee to keep helping our show horse members.

Marie Evans

I have been Judging for over 20 years, in many disciplines including Show Hacks, Show Hunters, including, Hacks, Galloways, Ponies, Rider Classes and Interschool competitions, at EA/EQ HOTY, Royal, National, State and Major Shows in Australia and New Zealand.

I have also judged at numerous State and National Breed Shows with various classes ranging from Halter, Hack, Working, Futurities and Harness, both Light and Heavy classes.

I feel that with my knowledge and experience over these years, I can offer an active role on the EQ Show Horse Committee.

Mary Macmillan

With over 40 years involvement in the Equestrian Industry as a Judge, Steward, Ringmaster and now RNA Councillor, I believe my varied experience at all levels of this sport are beneficial for any organization.

Preceding this time, I competed extensively throughout Victoria in both Pony Club and Agricultural Shows. My move to Queensland then gained me a vast knowledge of both dressage and stock horse event at numerous Royals, Ag Shows and EA events.

After 15 years as a Steward and Honorary Steward at Brisbane Royal I am now a Councillor and part of the Ekka Horse and Arena Committee.

The experience I have gained through my time competing, then managing highly competitive teams and organizing equestrian events in both Victoria and Qld will be put to good use through any association with Equestrian Queensland.
