

# GUIDELINES FOR THE GRANT OF ACCREDITATION AS A MEDIA PHOTOGRAPHER AND AUTHORISATION TO UNDERTAKE COMMERCIAL PHOTOGRAPHY AT EVENTS CONDUCTED BY EQUESTRIAN QUEENSLAND

## Introduction

1. Equestrian Queensland (“EQ”) recognises the important role played by the media and their photographers (“Media Photographers”) in promoting equestrian sports.
2. EQ is also supportive of the role that commercial photographers (“Commercial Photographers”) play in supporting participants in equestrian sports.
3. EQ seeks to provide support to Media Photographers at major Events and seeks to assist both Media photographers and Commercial Photographers by giving them privileged access to vantage positions
4. EQ considers it necessary to regulate the accreditation of Media Photographers and the activities of persons engaged in photography and videography for commercial gain, (“Commercial Photographers”) at Events conducted by EQ to ensure the safety of competitors, their horses and the members of the public.
5. EQ does not by these guidelines seek to restrict the activities of EQ members and their friends taking photographs for their private and domestic use and enjoyment (This of course, does not include posting large numbers of images on social media and soliciting or accepting orders for their supply. Such conduct is considered to be that of a commercial photographer that requires accreditation).
6. These Guidelines will come into effect on 1 September 2020

**These guidelines are intended to establish a regulatory regime for the conduct of the activities of both Media Photographers and Commercial Photographers at Events conducted by EQ (“EQ Events”).**
